

2nd November 2020

Dear Parents and Students,

All the entries for the January 2021 external exams have now been finalised. Therefore, as parents, I would like to make you aware of the examination regulations and that it is the sole responsibility of the students to follow them.

Please find attached the following:

### **Statements of entry**

Please check your personal details and subject entries and report any errors to the exam's officer immediately.

### **Exam timetable**

Please make sure you are aware of the dates and times of the exams. If there are any clashes, **it is your responsibility to inform the exams officer of these.**

Oral examinations will take place in November 2020 and the timetable of these can be found outside the exams office.

Students with access arrangements have a separate timetable and these are labelled with their candidate numbers.

I need to stress how important it is to follow the rules set by the exam boards. Failure to do so will result in students not being able to sit any external exams and consequently not gaining any qualifications.

### **Exam Rules- For Students**

So let's run through the exam day... (Please note there will be additional COVID protocols in place.)

Firstly, you must learn your 4-digit candidate number. As you will be called into the exam room by this number, and asked to sit at the relevant desk with your candidate card.

All candidates must familiarise themselves with the relevant examination rules. These are found on the reverse of the statement of entry.

All times on the exam timetable are the actual start times, so you must be in situ 15 minutes before to allow for additional COVID protocols, such as temperature checks and hand sanitising. Please wait outside the exam room until the invigilator comes to collect you. From this point, you must be **silent!** Candidates are under formal examination conditions from the moment they enter the room until the point they are permitted to leave. **Candidates must not**
