### **PRICES**

We are passionate about languages and want everyone to get better at speaking another language. That is why we are committed to offering high quality learning experiences at very competitive prices! In general, we offer the LES Community prices of 3€ per hour! Local residents are also welcomed and actively encouraged to join any of our classes with classes of only 4€ per hour! In exchange for such great value, we require a minimum of 8 students to start a class so that we can commit to hiring a teacher. Our teachers are valued assets and we work hard to ensure that they feel valued to deliver outstanding lessons. However, as some courses have more demands than others, prices will vary to cover the costs of the teaching professionals.
