This fee must be paid for all students who will continue in the school the following school year. Its purpose is to reserve the place and is a pre-payment for the following school year's tuition fee, and will be credited towards your invoices during the first term of the 2021-2022 school year. The re-enrolment fee deadline is established and communicated as part of the re-enrolment procedure, which is sent out to all LES families.
- **The Tuition Fee** covers the major costs (staffing, program, facilities) of providing an international education in accordance with the school's Philosophy and Objectives.
- **Termly payments:** for the convenience of parents, the annual tuition fee can be divided into three instalments payable for each student before the start of each term. The tuition fee for all students attending the school during the academic year is the sum of these three instalments. This includes Year 13 who finish their examinations at the end of May.
- **Deadlines:** payment must be made before the published deadlines.

- The school is not liable to return fees in the event of having to close for a period of time due to 'force majeure' including natural disasters and medical epidemics and pandemics.

NON-PAYMENT OF FEES: if any fees are outstanding from the previous term, students will not be allowed to return to school to start the following term. If payment has not been made and the Head of School has not confirmed otherwise in writing, then you may be advised not to send your child to school.

In addition, their places at the school could be re-allocated to students on the waiting list. The school also reserves the right to charge interest monthly on overdue accounts as detailed in the [LES Parent Contract](#).

Delays in payment for optional services such as the school lunch service, the school bus service, the activities programme, etc. will result in the interruption of these services for the students concerned.

Furthermore, any payments made for examinations or excursions will first be utilised to settle any outstanding tuition fees first. Only if all school fees are paid will payment then be allocated to excursions or examinations.

By processing tuition payments to the School, parents agree to the terms and conditions included in the [LES Parent Contract](#)
